

The Healing Journey of a Veteran and His Service Dog

By [Author's Name]

In the wake of war, many veterans return home with invisible wounds. Post-traumatic stress disorder (PTSD) is a common and debilitating condition that can make it difficult for veterans to adjust to civilian life. Symptoms of PTSD can include flashbacks, nightmares, anxiety, depression, and difficulty sleeping. These symptoms can severely impact a veteran's relationships, work, and overall quality of life.
