In this book, you'll learn a simple formula that you can use to create apps every month, even if you have no coding experience. This formula is based on the following three steps:

1. **Ideation:** Come up with a great app idea.
2. **Validation:** Make sure that there is a market for your app.
3. **Execution:** Build your app using a simple app-building platform.

This formula has been used by thousands of people to create successful apps. And it can work for you too.

In this book, you'll learn:

- How to come up with great app ideas
- How to validate your app ideas
- How to build your app using a simple app-building platform
- How to market and promote your app
