I was born with a rare genetic disorder that affects my mobility and speech. As a result, I have always been different from my peers. I was bullied and excluded as a child, and I often felt like an outsider.

As I got older, I learned to accept myself for who I am. I realized that my disability does not define me. I am a strong, capable woman, and I have a lot to offer the world.

In this book, I share my story of growing up with a disability. I talk about the challenges I have faced, and how I have overcome them. I also talk about the importance of self-acceptance and self-advocacy.

I hope that my story will inspire others who are living with disabilities. I want to show them that they are not alone, and that they can achieve anything they set their minds to.

I am an ordinary disabled woman, but I have an extraordinary story to tell. This is my story, and I am proud to share it with you.
