- **Communication:** Creating an environment where open and honest dialogue is encouraged at all levels.

- **Feedback:** Providing continuous and constructive feedback to help individuals grow and improve.
- **Recognition:** Acknowledging and celebrating successes, both big and small.

By fostering a culture of empowerment and transparency, Abrashoff was able to transform the USS Benfold from one of the worst-performing ships in the Pacific Fleet to one of the best. His methods have since been successfully adopted by countless organizations, including businesses, schools, and even government agencies.

### **Breaking Down the Barriers to Success**

'Get Results Not Salutes' delves into the specific challenges and barriers that leaders often face. Abrashoff provides practical strategies for overcoming these obstacles, such as:
